The legal definition of ragging is as follows:

“Ragging” means the doing of any act which causes, or is likely to cause any physical, psychological or physiological harm of apprehension or shame or embarrassment to a student and includes Teasing or abusing or playing Practical joke on or causing hurt to any student. Asking any student to do any act, or perform anything, which he/she would not, in the ordinary course, be willing to do or perform. Ragging is different from other crimes because the motive is solely to get perverse pleasure. Ragging is also different from other crimes as it is actively promoted by certain sections of the society.

Following types of abuses and activities will be termed as ragging:

- Physical abuse - for example, forcing to eat, drink or smoke, forcing to dress or undress.
- Verbal abuse - for example swear words and phrases, direct or indirect derogatory references to the person's appearance, attire, religion, caste, family or chosen field of study
- Forced activity - for example Chores for seniors e.g. copying notes, cleaning rooms, etc.
- Not being allowed to attend classes.
- Staying awake late or getting up at unreasonable times. Singing or dancing or performing in any other way. Using foul language or shouting or cheering loudly.
- Misbehaving with strangers, particularly women.

Objectives:

- Creating ragging free atmosphere in and outside the campus.
- Creating awareness among students regarding acts and punishments pertaining to ragging activities.
- Creating cordial relations among students for fulfilling organizational mission and objectives.
- Creating awareness among students regarding how the self confidence of the individual influences the national interest.

Measures to Curb Ragging:

- Anti-Ragging Committee is constituted with the representatives of faculty members, representatives of students belonging to the fresher's category as well as senior students, non-teaching staff and shall have a diverse mix of membership in terms of level as well as gender.
- The mobile numbers of all the Anti-Ragging Committee members are given in the website for the benefit of fresher's to contact when the need arises and are also displayed at prominent places in the campus.
- Anti-ragging squads have been constituted comprising of faculty members to make surprise visits to very campus. Sensitive location within the campus and outside the campus.
