Three-day Webinar on 'Recent Trends in Energy and Related Materials'

August 23, 2020 1 Min Read

City based CMR Institute of Technology Bangalore, Department of Physics is organizing a three-day Faculty Development Program (FDP) on the 'Recent Trends in Energy and Related Materials', from 26 th to 28 th August 2020. The main objective of this FDP is to train the teachers on a sound foundation of theory, practical knowledge and skills that will enable them to undertake research in the field of material science. Distinguished faculty of NITs and Research Institutes who have vast teaching and research experience will deliver the talks. Research scholars, faculty from engineering colleges, postgraduate students and industry personnel can benefit from this workshop. For registration details visit: www.cmr.it.ac.in
